This Amendment addresses project updates located in the Ashland Area MPO which are classified as Amendments as defined in the Ashland Area MPO Participation Plan (July 2012) along with general changes to the Metropolitan Transportation Plan (MTP) and the Transportation Improvement Program (TIP). Project information was taken from the Kentucky Statewide Transportation Improvement Program (STIP) Fiscal years 2012-2016 and reconciled to ensure accuracy. All funding changes are consistent with the fiscally constrained STIP, and therefore the TIP remains fiscally constrained. Air Quality Conformity is based on previous emissions determination, thus required no further analysis.
